## Developing experimental schemes with self-driving shuttles

→ 2 experimental schemes between 2017 and 2019 with self-driving shuttles, managed and funded by Ile-de-France Mobilités in partnership with operators:

- on the Esplanade in La Défense, Paris (Keolis)
- at Château de Vincennes (RATP)

→ Experimental scheme launched in spring 2020, managed and funded by Ile-de-France Mobilités in **Saint-Quentin-en-Yvelines** in partnership with the town (call for bids in progress)

→ Follow-up on experimental schemes managed and funded by third parties (EVRA project by ADEME/Consortium SAM)
